```

Make a vector of input PDB file name sthat we an read into R

```
pdb.files <- list.files("test_94b5b.result.zip",
                        pattern = ".pdb",
                        full.names = TRUE)
```
